1 [An Internet-based negotiation server for e-commerce](#)

Stanley Y.W. Su, Chunbo Huang, Joachim Hammer, Yihua Huang, Haifei Li, Liu Wang, Youzhong Liu, Charnyote Pluempitiwiriyaewej, Minsoo Lee, Herman Lam

August 2001 **The VLDB Journal — The International Journal on Very Large Data Bases**,
Volume 10 Issue 1

Publisher: Springer-Verlag New York, Inc.

Full text available: [pdf\(355.19 KB\)](#) Additional Information: [full citation](#), [abstract](#), [citations](#), [index terms](#)

This paper describes the design and implementation of a replicable, Internet-based negotiation server for conducting bargaining-type negotiations between enterprises involved in e-commerce and e-business. Enterprises can be buyers and sellers of products/services or participants of a complex supply chain engaged in purchasing, planning, and scheduling. Multiple copies of our server can be installed to complement the services of Web servers. Each enterprise can install or select a trusted negotia ...

Keywords: Constraint evaluation, Cost- benefit analysis, Database, E-commerce, Negotiation policy and strategy, Negotiation protocol

1 [Interactive graphics for schematic editing, a working tool](#)

M. D. Mancusi, J. C. Wild

June 1972 **Proceedings of the 9th workshop on Design automation DAC '72**

Publisher: ACM Press

Full text available: pdf(381.46 KB)

Additional Information: [full citation](#), [abstract](#), [references](#), [citations](#), [index terms](#)

LOGIGRAF, an interactive graphics program to lay out and edit schematic drawings, is now being used in a production environment at Bell Telephone Laboratories. The program runs on a GRAPHIC-211 graphics terminal (fig.1) which consists of a Digital Equipment Corporation PDP-15 computer with 8K of memory, secondary storage disk, card reader, 9 track tape, display processor, refreshed 21 inch CRT display, keyboard, light pen, function buttons, storage CRT, and hard copy u ...

SEARCH

Nothing Found

Your search for **+abstract:replicate +abstract:production +abstract:core +abstract:data** did not return any results.

You may want to try an [Advanced Search](#) for additional options.

Please review the [Quick Tips](#) below or for more information see the [Search Tips](#).

Quick Tips

- Enter your search terms in lower case with a space between the terms.

sales offices

You can also enter a full question or concept in plain language.

Where are the sales offices?

- Capitalize proper nouns to search for specific people, places, or products.

John Colter, Netscape Navigator

- Enclose a phrase in double quotes to search for that exact phrase.

"museum of natural history" "museum of modern art"

- Narrow your searches by using a **+** if a search term must appear on a page.

museum +art

- Exclude pages by using a **-** if a search term must not appear on a page.

museum -Paris

Combine these techniques to create a specific search query. The better your description of the information you want, the more relevant your results will be.

museum +"natural history" dinosaur -Chicago
